HONDURAS MISSION PROJECT

Dale will be returning to Honduras in April 2009 with team members from Jessup Grove and Fairlawn Baptist Churches to work on various projects. The plans are to help a poor remote village, Los Chorritos, get water, build a church and school, do feeding programs in the area, do a Vacation Bible School and provide worship services. Dr. Gordon King, along with some nursing staff, will be seeing patients and doing surgery in the medical clinic in Victoria. Many of these projects will be continuing for many years, so if you are interested in giving financial support or getting involved personally by going with a team into Honduras please let the Riddles know.

WRITING A BOOK

Dale is now in the process of writing about his life and memories. He decided to do this because he desires to leave his children and grandchildren a part of his life's story. He is also considering putting it in book form and offering his story to the public if there is enough interest. He has written a couple of hundred pages and is only through the first 24 years of his life. Looks like he may have to do some serious editing because if he does 200 pages for every 20 years then the book would be over 600 pages long. The title will be THE LIFE AND MEMORIES OF AN EDUCATED REDNECK. Do you like his title? Dale will keep you informed and will let you know if and when the book is completed.

New President

We now have a new president and other new government leaders that have been elected to serve our nation. As Christians we must pray for them and support them in every way we can. Whether you like the choices or not, they have been elected and now we must all work together to see that our nation moves forward.

FINANCIAL CONDITION

As you know, our nation is in a recession and possibly moving toward a depression if the economic conditions do not change in the months ahead. Riddle Evangelistic Association is a non-profit organization that totally depends on others for support of the ministry. When hard economic times come, people, out of necessity, have to cut back on their charitable giving. The Riddles have been blessed by being able to work for thirty-two years in this ministry, and God has always provided the resources they needed to continue their work. They are trusting God to once again hold them up through these difficult days. Dale and Gilda certainly appreciate your prayers and support which have enabled them to follow the Lord's calling.
